
The Technology Transfer Society (T2S) Annual Conference
The Entrepreneurial Enterprise
Friday, October 2, 2009

Hosted and Sponsored by the University of North Carolina at Greensboro
with co-sponsors

The Kauffman Foundation and UTEK Corporation

The Technology Transfer Society's primary mission is to enhance scholarly research related to the practice of technology transfer and related innovative and entrepreneurial activities. Founded in 1975, the Society sponsors and edits the Journal of Technology Transfer (published by Springer Publishers), a highly respected academic journal. Each year, the Society convenes a conference at a major university. The conference draws together international scholars to present research findings and to discuss the social consequences of entrepreneurial activity in society.

We hope to see you in October!
