

IT'S TIME / 2014 IMAGINE SCIENCE FILM FESTIVAL

October 17 – 24, 2014

The 7th Annual Imagine Science Film Festival promises to be an exciting week of films presenting scientific fact in compelling visual narrative. This year, the festival will explore **TIME** in all its variants: timelapse film, the age of the universe, time travel, geologic time, nonsecond-scale subatomic interactions, the genetics of aging, and much more.

Schedule

Jury & Awards

Tickets

Films

Competition

Through **89 films** (5 features & 84 shorts), the 7th annual Imagine Science Film Festival will explore the theme of "TIME". Topics including time-lapse, evolution, aging, development, time travel and geologic time will be discussed through experimental, animation, visual data, documentary and fiction films. We are thrilled to present films from **20 counties**, including **49 premieres** and featuring **35 female directors**.

Opening night will take place for the second consecutive year at **Google New York** including a screening, panel and reception. Each night of the festival will take place at a different venue, spanning the tri-state area, ranging from universities to movie theaters to museums. Awards worth \$20,000 will be determined by the 2014 ISFF Jury including **Dr. James Watson, Marina Abramović, Karen Cooper, Dr. David Chalmers, Rachel Sussman & Dustin Yellin**.

The final award ceremony will take place after a screening and music performance by a **surprise guest** at Pioneer Works in Brooklyn.

Film Programs

Fri 10/17/14

7:00 pm - 10:00 pm

Doors open at **6:15 PM**

Opening Night Shorts, Panel & Reception: Exploration in the 4th Dimension

Variations on the power and meaning of time, in science and film @ Google New York
